CSC 106/INF 106: Software Suite **Credit Hours: 3**

Objective

This course will allow students to become productive by acquiring a basic understanding of Microsoft Word, Microsoft Excel, and Microsoft PowerPoint, and to learn to share data between these applications

Course Description

This course uses the world's most popular suite of business applications for productivity and efficiency. It teaches the most basic features as well as focuses on the more advanced tools that all students will find useful. The course provides business productivity application for the management and manipulation of data. It provides skills to create dynamic and professional presentations.

Expected Outcome

By the end of the course, students will be able to

1. Understand which tasks each of the major office programs can perform.
2. Independently create professional-looking documents, presentations, and spreadsheets.
3. Understand advanced Office functions, including Mail Merge (Word) and Formulas (Excel).
4. Understand how to use Word, Excel, and PowerPoint in a variety of professional, educational and personal situations.

Course Outline

MS WORD

a. Getting Started with Word
i. Navigate in Microsoft word
ii. Create and save Word Documents
iii. Editing Documents
iv. Preview and Print Documents
v. Customize the Word Environment
b. Formatting Text and Paragraphs
i. Selection of texts and paragraphs for formatting
ii. Apply Character Formatting
iii. Apply same Format Styles to several Paragraphs
iv. Control Paragraph Layout
v. Align and Indent Text Using Tabs
vi. Apply Borders and Shading
c. Creating and Managing Lists
i. Display Text in Bulleted or Numbered Lists
ii. Sort a List
iii. Format a List
d. Adding Tables to a Document
i. Insert a Table
ii. Modify a Table
iii. Format a Table
iv. Convert Text to a Table
e. Inserting Graphic Objects
i. Insert Symbols and Special Characters
ii. Add Images to a Document
iii. Draw Shapes
iv. Create complex Illustrations with SmartArt
f. Manipulating Images
i. Integrate Pictures and Texts
ii. Adjust Image Appearance
iii. Insert Other Media Elements
g. Controlling Page Appearance
i. Apply a Page Border and Colour
ii. Add Headers and Footers
iii. Control Page Layout
iv. Add a Watermark
h. Preparing to Publish a Document
i. Check Spelling, Grammar, and Readability
ii. Check Accessibility
iii. Save a Document to Other Formats
i. Adding Document References and Links
i. Add Captions
ii. Add Cross- References
iii. Add Bookmarks
iv. Add Hyperlinks
v. Insert Footnotes and Endnotes
vi. Add Citations and a Bibliography

j. Securing a Document
i. Add a Digital Signature to a Document
ii. Set Formatting and Editing Restrictions
iii. Restrict Document Access

MS EXCEL

a. Securing a Document
i. Add a Digital Signature to a Document
ii. Set Formatting and Editing Restrictions
iii. Restrict Document Access
b. Introduction to Excel
i. The general uses of Excel Application
ii. Creating a New Workbook
iii. Navigating in Excel
iv. Using Excel Menus
v. Using Excel Toolbars: Hiding, Displaying, and Moving Toolbars
vi. Entering Values in a worksheet and Selecting a Cell range
vii. Previewing and Printing a Worksheet
viii. Saving and re-opening a Workbook
c. Formatting Fonts and Values
i. Adjusting Row Height and Column Width
ii. Changing Cell Alignment
iii. Adding Borders
iv. Using the Format Painter and AutoFormat
v. Merging Cells, Rotating Text, and using AutoFit
vi. Auto filling Cells
d. Managing Workbooks

i. Switching between Sheets in a Workbook
ii. Inserting, Renaming, and Deleting Work-sheets
iii. Protecting a Workbook
iv. Hiding Columns, Rows and Sheets

e. Editing a Workbook

i. Entering Date Values and Using AutoComplete
ii. Editing, Clearing, and Replacing Cell Contents
iii. Cutting, Copying, and Pasting Cells
iv. Moving and Copying Cells with Drag and Drop
v. Collecting and Pasting Multiple Items
vi. Inserting and Deleting Cells, Rows, and Columns
vii. Inserting Cell Comments

f. Working with Formulas

i. Creating a basic Formula
ii. Calculating Value Totals with AutoSum
iii. Editing and copying Formulas
iv. Formulas with Several Operators and Cell Ranges

g. Creating and Working with Charts

i. Creating a Chart
ii. Moving and Resizing a Chart
iii. Formatting and Editing Objects in a Chart
iv. Changing a Chart's Source Data
v. Working with Pie Charts
vi. Adding Titles, Gridlines, and a Data Table
vii. Annotating a Chart viii. Using Fill Effects

h. Data Analysis and Pivot Tables

i. Creating a PivotTable
ii Specifying the Data a PivotTable Analyzes
iii. Changing a PivotTable's Calculation
iv. Selecting what appears in a PivotTable
v. Grouping dates in a PivotTable
vi. Updating a PivotTable
vii. Formatting and Charting a PivotTable

i. Importing and Exporting data from Excel

i. Inserting an Excel Worksheet into a Word Document
ii. Importing data from Word into Excel Work- sheet
iii. Inserting a Graphic into a Worksheet

Ms PowerPoint

a. Creating a Presentation Using a Wizard

i. Exploring and Moving around a Presentation
ii. Changing Text in the Outline Pane, Slide Pane
iii. Changing Presentation Views, Properties
iv. Previewing Slides and Saving Presentations

b. Working with a Presentation

i. Using a Design Template
ii. Entering Text into Slide/ Notes Pane
iii. Creating a new Slide
iv. Editing in Normal View
v. Rearranging Slides in Slide Sorter View
vi. Showing Slides

c. Adding and Modifying Texts

i. Selecting and Deselecting Objects
ii. Adding and Formatting Texts to Slides
iii. Adding a Background to Texts
iv. Adding a Hyperlink

d. Adding Graphical Elements to Your Presentation

i. Insert Images
ii. Insert Shapes

e. Modifying Objects in Your Presentation

i. Changing the Shape of an Object
ii. Edit Objects
iii. Format and Group objects
iv. Arrange Objects
v. Animate Objects

f. Inserting Information into PowerPoint

i. Inserting a Clip Art Image
ii. Scaling an Image
iii. Re-Colouring a Clip Art Image
iv. Inserting and Formatting a Table
v. Inserting a Graph, Excel, and Organizational Charts
vi. Inserting and Modifying a Picture

g. Producing a Slide Show

i. Navigating in a Slide Show View

ii. Annotating Slides during a Slide Show
iii. Setting Texts Transitions
iv. Animating Slides
v. Hiding a Slide during a Slide Show

h. Creating a Multimedia Presentation

i. Inserting Sounds, Movies
ii. Setting Slide Timings
iii. Rehearsing Slide Timings
iv. Recording a Narration

i. Delivering Your Presentation

i. Creating a Custom Show
ii. Rehearsing a Slide Show
iii. Collaborating on Presentations
iv. Packaging a Presentation
v. Running a Slide Show
vi. Broadcasting a Presentation to the Web

ASSESSMENT;

Quizzes/Exams – 40%

Exams - 60%
